# About Luna

- Luna Round
- Luna Corner
- Luna Rect.

With its impressive 200 or 150 cm diameter, Luna has a majestic impact on any space it enlightens. Luna comprises two, easy-to-install, half moons optically connected by a deeper central joint.

A decorative LED light strip or a black glass strip is integrated within this joint. Luna is an architectural, minimalist sculpture, stripped of anything superfluous. A durable, timeless mirror that adds value to any space.

# About Studio Segers

Studio Segers is a Belgian creative studio for architecture, product design and graphic design. In 2022, its founder Wim Segers received the prestigious Henry van de Velde Lifetime Achievement award. Respect for craftsmanship and tradition are their basic values.

Luna is an architectural, minimalist sculpture, stripped of anything superfluous.
